### FEEDING DIRECTIONS

This feed is formulated to meet a portion of the horse's forage requirements: Feed at a rate of 1.5 to 2.0% of horse's bodyweight to reach desired body condition, supplemental feed may be added for high performance horses based on work load, current body condition, level of activity, and age. Divide daily ration into a minimum of two feedings. Feed with free choice good quality grass and/or feed on pasture. Provide an abundant, fresh supply of water. For further feeding directions, consult your supplier or nutritionist.

CAUTION: This feed contains added copper, do not feed to sheep.

CAUTION: Do not use in association with another feed containing supplemental selenium.
